

Piana

Simple.

That is the style which defines the entire Piana program, reminiscing the simplicity of food preparation in the past.

A wide island module designed with a workspace where it is possible to store, prepare and consume food.

Practical storage accessories giving order and functionality to the pantries.

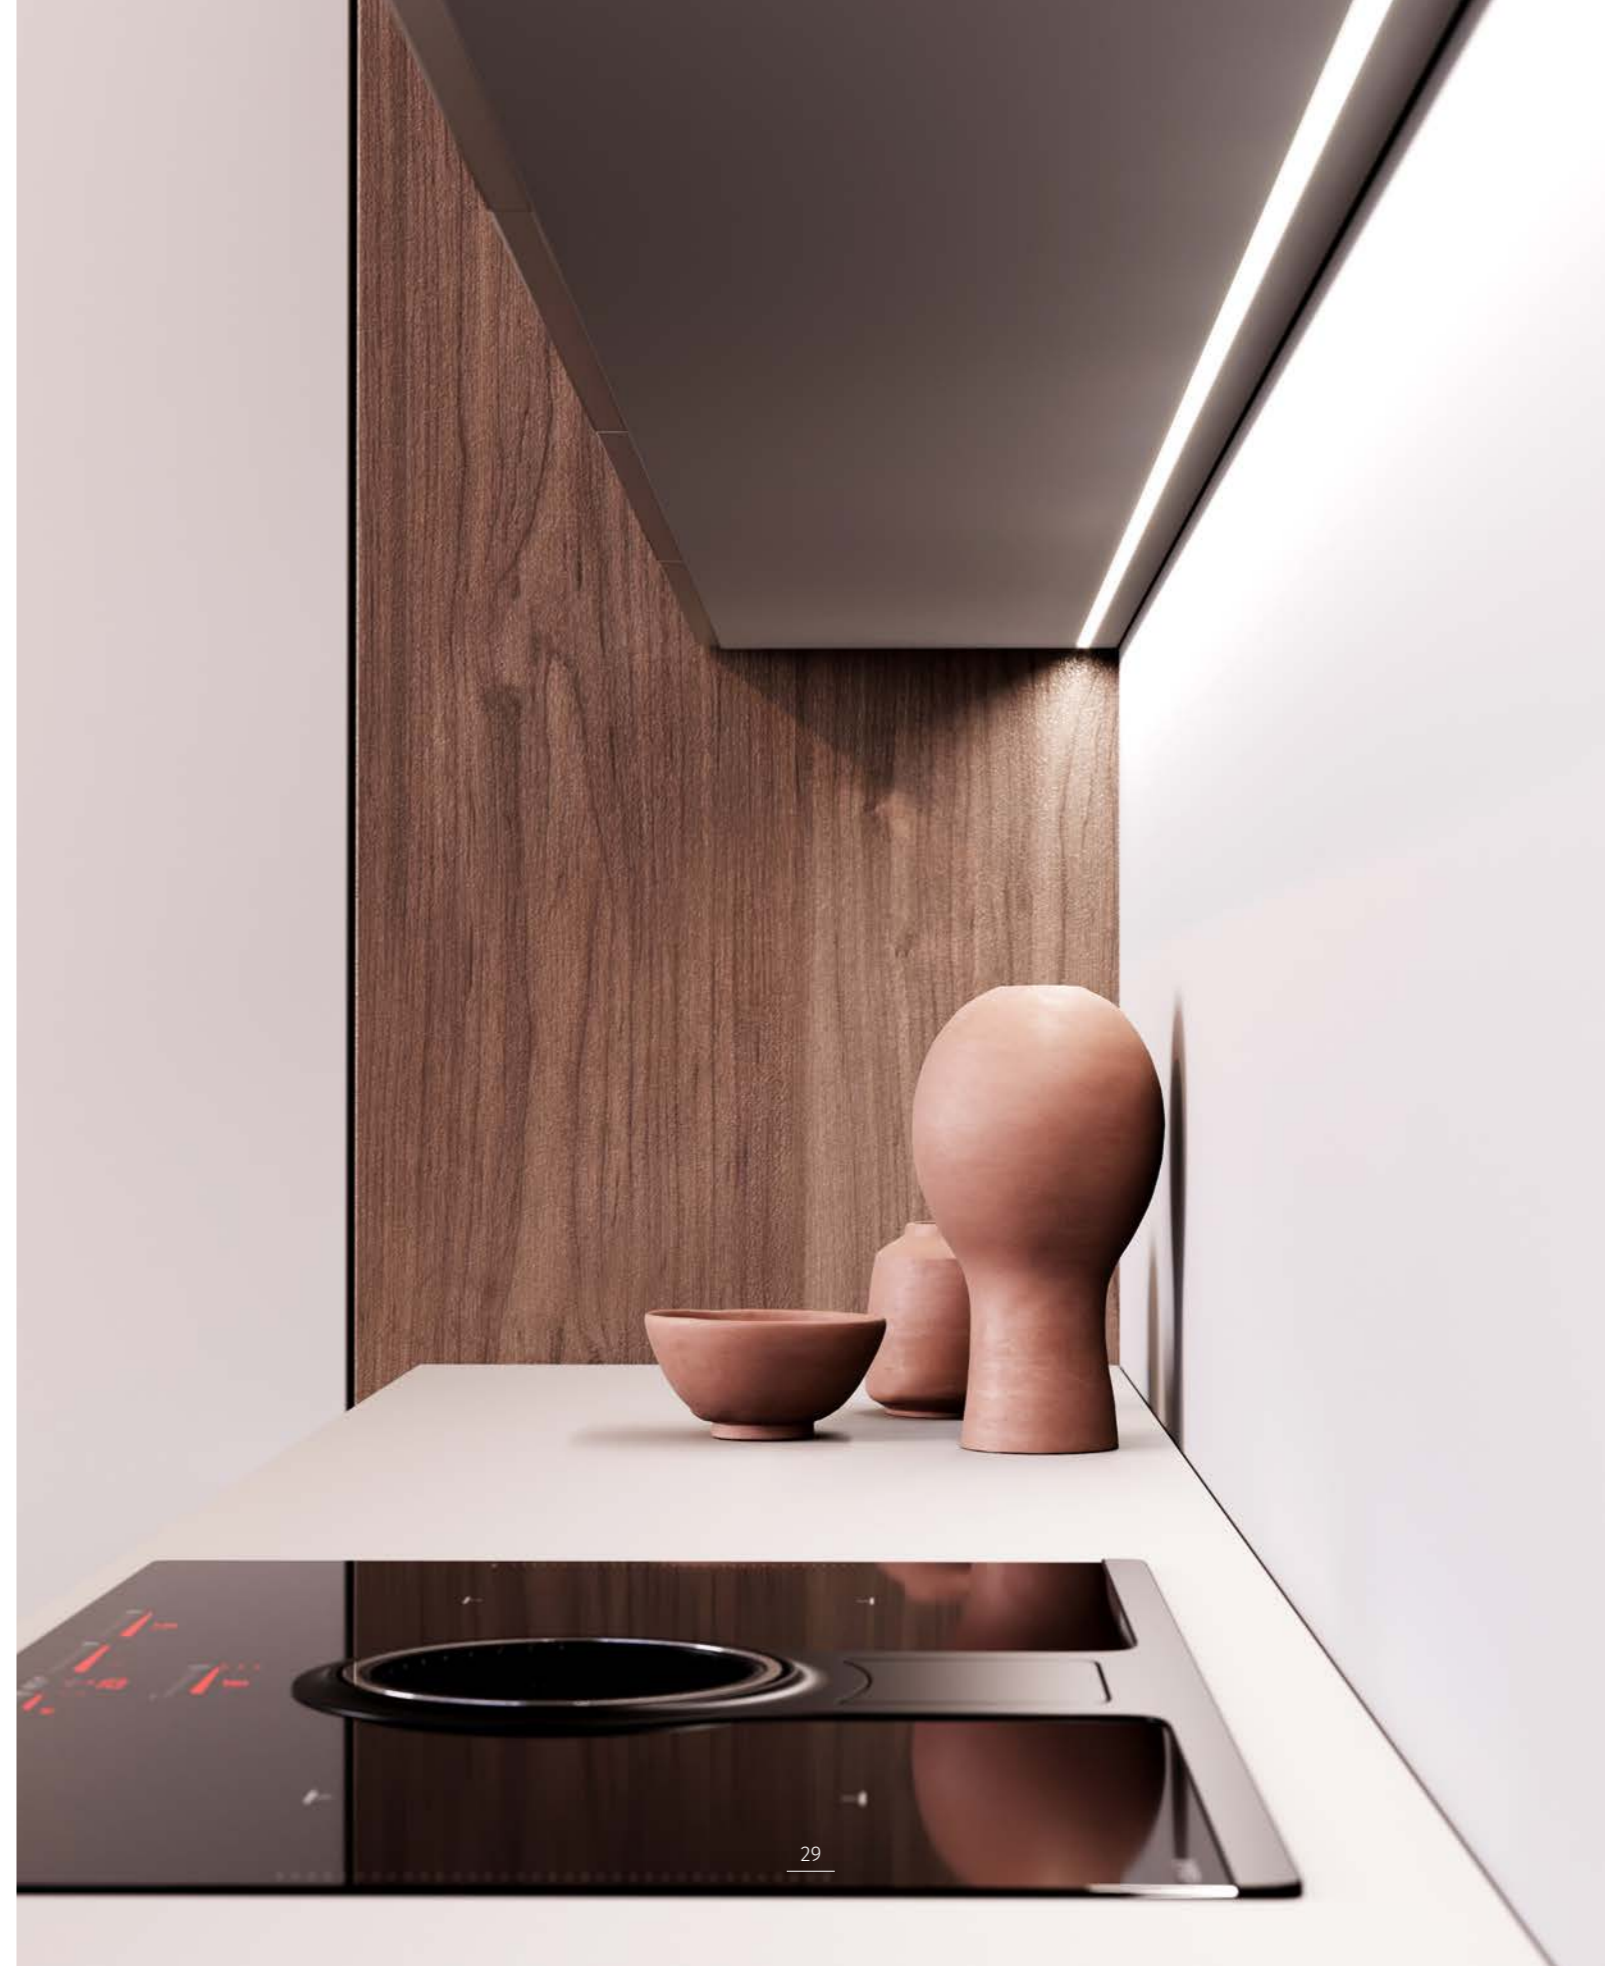

On the left: the elegant handle overlying the door enables the opening of BLUM full extension drawers.

Above: the tall unit also has a pull out opening system where the storage trays are secured in the door.

Above: internal glass shelves with integrated led lights, along with an elegant door, aluminium frame and glass, ensure lightness, transparency and brightness.

On the right: the counter is enlightened by the integrated led lights on top.

Tall unit group h96 inches (2438mm).
