

Quadra

Make the traditional modern. Taking this principle, the model QUADRA aim is to create continuity with ways of being and doing in the past.

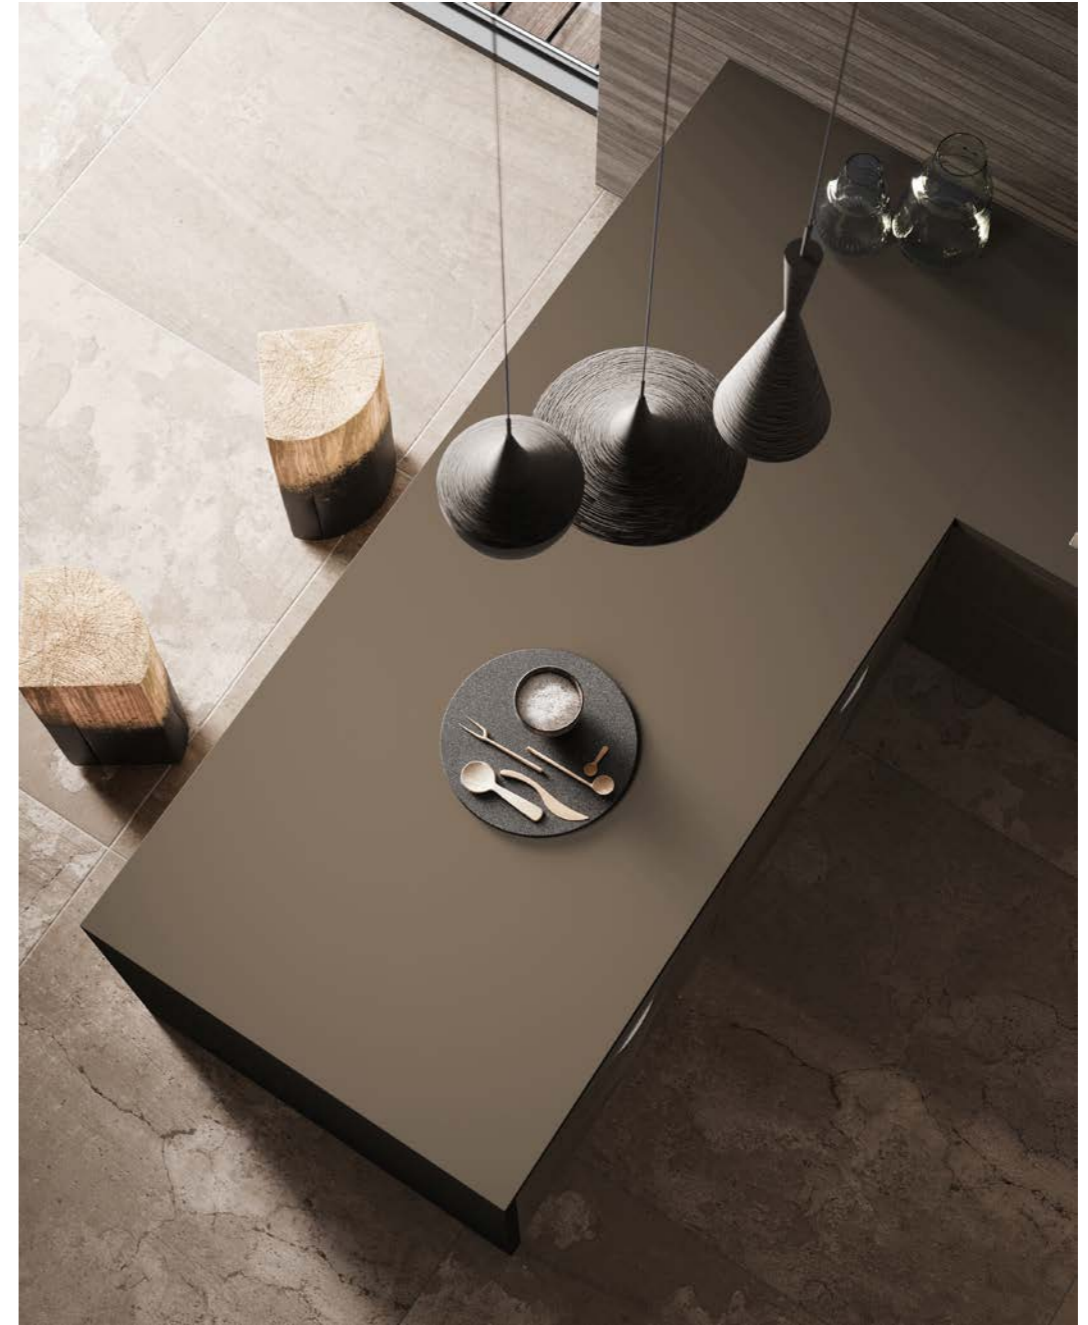

The symmetry of the door frames is interrupted by an open space.

Lift-up opening system of the wall cabinet unit.

Deep counter for the snack peninsula.

The contrast between the material and colour of countertop and underlying panels make the peninsula design stand out even more.

The special handle on the door frame gives the model identity and freshness.
